

Software Testing

Manual Testing (1 Month)

This module is intended for Quality assurance engineers, test engineers, technical managers, software engineers, customer support engineers and anyone who needs to learn manual testing and also prepare for Software testing certifications offered by ISTQB, QAI such as CTFL, CAST, etc.

Prerequisites

These prerequisites are not mandatory but preferably participants should have:

- IT Experience
- Good Reading, Writing & Speaking Skills (In English).

1. Software Testing Introduction

- a. What is Software Testing?
- b. Why Testing is necessary?
- c. Testing & Quality.
- d. Verification & Validation.

2. Quality Assurance & Quality Control

- a. What is Quality?
- b. What is Quality Assurance & Quality Control?
- c. Introduction to CMM, ISO & TQM.

Palasia Centre: 20/1 Modern Mansion, Palasia square, Indore Ph: 0731- 4066541, 4091658

Bhanwarkuan Centre: 18- Professor Colony, Wadhvani Chambers, Bhanwarkuan square, Indore. Ph 0731- 4289083/ 84

Email: info@ssiedu.in

3. Introduction to Software Development Life Cycle (SDLC)

- a. Waterfall Model, Prototype Model, Incremental Model.
- b. RAD Model, Spiral Model, V- Model.

4. Review Process

- a. Informal Review
- b. Walkthrough
- c. Inspection

5. Different types of Testing.

- a. Unit Testing, Integration Testing
- b. System Testing, Acceptance Testing, Security Testing.
- c. Some more testing types like Load testing, Stress testing, Regression Testing, Retesting, Sanity testing, etc.

6. Test Design Techniques like –

- a. Equivalence Partitioning, Boundary Value Analysis.
- b. Statement Coverage, Decision Coverage, Path Coverage.

7. Introduction to Bug Life Cycle (Defect Management)

- a. What are Bug, Error, and Defect & Failure?
- b. Causes of Software Defects.

Palasia Centre: 20/1 Modern Mansion, Palasia square, Indore Ph: 0731- 4066541, 4091658

Bhanwarkuan Centre: 18- Professor Colony, Wadhvani Chambers, Bhanwarkuan square, Indore. Ph 0731- 4289083/ 84

Email: info@ssiedu.in

c. Sample Bug Report Format.

8. Introduction to Software Testing Life Cycle (STLC).

9. Introduction of Test Management.

- a. What is Test Case, Test Plan, Test Scenario etc.?
- b. Test Planning, Management, Execution & Reporting.
- c. Sample Test Case Format.

10. Introduction to Software Configuration Management (SCM).
